

God is so **big**.... He's **bigger** than you  
and he's bigger than me.

God's bigger than everybody.

He's **bigger** than the elephant that  
he created and the mountains  
that he made.

He's **bigger** than the ocean that he filled with fish and the sky  
that he filled with birds and clouds.

God is so **big** that you can't even measure him. You can't put him in a box or even in a building. He is everywhere, all the time.

He's so **big** – he created the whole of outer space.  
All the planets, stars and galaxies – even the  
ones that we haven't found yet.

He is so **B I G**.

My God is so **big** that he knows everything. He knows about ants and worms and creepy crawlies. He doesn't forget about them.

God is so **big** that he sees everything. He doesn't need a microscope to see tiny things.

My God is so **big** that he can even see your thoughts and feelings, even when you try to hide them. Your mum or dad might think that they know what you are thinking about.

But they can never know for sure. You can be saying one thing with your mouth but thinking something else in your head.
